

Second Degree Application & Requirements

A student wishing to seek a second degree must be admitted to the second degree program through the readmission process. To apply for a second degree, visit the Admission's Office to complete the appropriate application. The student should be informed that a minimum of 12 credit hours must be earned in one semester on campus as a requirement for the second degree.

A student seeking a second associate degree will be referred to the office of the Registrar. Approval for a second degree must be obtained from both the Registrar and Financial Aid Director. The Registrar will determine the number of credits needed for the second degree and the Financial Aid Director will determine the number of eligible financial aid credits. The student will be admitted if eligible for financial aid; if not eligible, the student must set up a payment plan with the Finance office.
