

American Indian Measures for Success (AIMS)

AIMS Key Indicator System

Part A: Quantitative Indicators (AKIS-2010A)

MASTER SPREADSHEET

Leech Lake Tribal College

July 2010

American Indian Higher Education Consortium American Indian Measures for Success (AIMS)

AIMS-Key Indicator System 2010 (AKIS-2010)

The AIHEC-American Indian Measures for Success (AIMS) project has two goals: to define relevant quantitative and qualitative indicator data of American Indian student success, as determined by the tribal colleges, and to develop and implement a strategy for collecting, analyzing, and presenting annually the success indicator data using electronic information management tools. Through data collection and analysis, this project will be the foundation for systemic reform that significantly increases - and for the first time, accurately measures - American Indian success in higher education.

At the spring 2004 meeting, the AIHEC Board of Directors passed the following resolution in support of the AIMS project:

“The AIHEC Board of Directors should take an active role in the development of a definition of Tribal College and University student success and should support the AIHEC-Lumina initiative. Further, each Tribal College should participate, to the maximum extent possible, in all activities associated with the initiative.”

AKIS was developed under the guidance of the AIMS Advisory Panel and Tribal College and University presidents and registrars. AIHEC would like to express its appreciation for the time and effort given during the development of the instruments.

AKIS-2010 consists of two parts:

Part A: Quantitative Indicators (Microsoft Excel®)

Part B: Qualitative Indicators (Microsoft Word®)

Thank you in advance for your participation in the AIMS project! Please complete AKIS-2008 by **December 17, 2010**.

If you have any questions regarding AKIS 2009, please contact Katherine Page by email at kp@aihec.org or by phone at (703) 838-0400 x105.

**American Indian Higher Education Consortium
American Indian Measures for Success (AIMS)**

AIMS-Key Indicator System 2010 (AKIS-2010)

INSTRUCTIONS

Please enter information in uncolored cells only.

Do not change anything in the grey cells.

Sheets may be copied and distributed to appropriate staff. There are no password protections on worksheets or cells. If you copy and distribute sections, be aware that formulas may be affected.

One person should be responsible for transferring information from distributed spreadsheets to the master spreadsheet, if applicable. Copy only information from uncolored boxes, and paste only into uncolored boxes. Check the data to be sure they make sense.

There should be information in **every** uncolored box. **Do not leave any blanks.**

Zero is an important value! 0 = zero; actual value is zero

Only three abbreviations should be used when a number cannot be entered:

m = missing; not available; lost; unable to calculate
NA = not applicable; does not apply
NO = not offered

If a response is "NA" or "missing," explain why in the Notes section, located at the bottom of each page. Include any other additional information in the Notes section.

Please complete AKIS 2010 by **December 17, 2010** and send it to AIHEC **via U.S. mail on a CD** along with your **photos, photo description sheet, and AKIS 2010 Part B:**

Katherine Page
AIHEC
121 Oronoco St.
Alexandria, VA 22314

For questions, concerns, and other assistance, please contact Katherine Page at kpage@aihec.org or (703) 838-0400 x105.

NO EXTENSIONS ON DEADLINE

If the data are incomplete when submitted, the report will be rejected and considered LATE.

	Based on Test Results						
Please note if any data collected is from a sample of students (e.g. financial background data is only from students who applied for financial aid).							
Notes:							

First Time Entering Student Background and Characteristics	
Number of students who graduated from	
Public High School not located on a reservation	25
Reservation-based public High School	32
BIA school	13
Tribal or Contract High School	0
Other High School	0
Not Reported	0
Number of students who are	
Single - No Children	m
Single with dependent children	m
Married - No Children	m
Married with dependent children	m
Not Reported	m
Responsible for elderly family members in home	m
Number of students who are	
First Generation Students	45
Not First Generation Students	0
Not Reported	68
Primary residence is	
On / near reservation (within 60 miles)	113
In-State	113
Out-of-State	0
Not Reported	0
Financial Background	
Average family income (\$) in student's household	m
Number of students employed less than 20 hrs/week (excluding work / study)	m
Number of students employed 20 or more hrs/week (excluding work / study)	m
Number of students eligible for financial aid	m
Number of students in need, but not eligible for financial aid	m

Special Cultural Collections: Please briefly describe any cultural or tribal museum/archival collections housed in library or other building.											
Our library collection contains several hundred Anishinaabe, American Indian, and Indigenous titles. Our archives contain documents, local and regional newspapers articles, and other materials regarding the tribal college, the surrounding community and Minnesota reservations. We have a small collection of audiocassettes of elders, videotapes of local events, manuscripts from local writers, and several maps.											
Library Improvements / Acquisitions during academic year											
AY 03-04											
AY 04-05											
AY 05-06	Increased reference section 100%. Brought in 25 databases for students and staff. K-12 through undergrad research quality.										
AY 06-07	Approximately 200 new STEM and Indigenous STEM-related print resources relating to LLTC's STEM curriculum have been purchased. The Director of Library Services attended the American Library Association conference. NSF-STEM funds allowed the library to purchase a well-needed office supply, a book cart, to transport and display STEM resources, in addition to aid in daily shelving duties.										
AY 07-08	The library implemented new technologies, including a new online public access catalog with long-term cost-effective subscription costs to increase the visibility, access, and usability of materials, including and especially the growing STEM collection. Library STEM subscriptions increased by 50%, including a subscription to Science, introducing students to mainstream academic science journals.										
AY 08-09	The library increased its STEM holdings by approximately 100 new titles and its Indigenous-related titles by 80 titles. Beginning January 2009, the library has developed and implemented a blog available at http://lltclibrary.blogspot.com .										
AY 09-10	The library increased its holdings by approximately 200 items from in-kind donations and \$2,500 in CSREES/NIFA funds. AIHEC provided LLTC students and employees with access to the EBSCO Environment Complete subscription database.
