4000 Introduction

We believe our employees are our greatest resources, and the College strives to provide the training and tools needed to perform the job duties assigned. We endeavor to practice fair and consistent application of these policies in decision-making, from the selection of new employees, to cases in which employee discipline is required. LLTC has set up a structure that provides for conflict resolution, employee evaluation, and advancement and continued training opportunities. We encourage open communication between employees and their supervisors to identify and correct issues as they arise. We always expect the very best from our employees in this partnership.

This manual provides guidelines on personnel policies for informational purposes only. Although this manual outlines policies normally followed at Leech Lake Tribal College, the President, with authorization from the Board of Trustees, may change a policy or deviate from a policy at any time without notice to employees if the deviation from the policy is in line with the Board's fundamental policy intent.

.01 At-Will Statement

In accordance with Minnesota Employment Law, all Leech Lake Tribal College employees are "at will" and of indefinite duration. Nothing in these policies or any additional description shall be construed as a contract or a guarantee of employment.

The College may terminate or otherwise discipline any employee at any time for reasons deemed by the President to be in the best interest of the College or its activities, without subjecting the College to a claim for breach of an employment contract. No agreement to the contrary will be recognized unless such an agreement is in writing and signed by the President.

In accordance with Minnesota Employment Law, any employee may terminate his/her employment at any time.

4010 Employee Adherence

All employees of Leech Lake Tribal College are subject to and must adhere to the policies contained in this manual.

An employee, including faculty, is a person who has been officially hired to fill a position determined by the President to be needed for the necessary day-to-day operation of the College.

Consultants or other persons serving on behalf of the College, but not considered employees of the College, will be subject to these policies and procedures as determined by their work relationship with the College. For example, any individual or organization contracted to provide College services (such as teaching a community education program) will be subject to these policies. An individual or organization contracted to provide professional services to the College (such as auditing) may be exempt from these policies.

An employee or group of employees has the right, without discrimination, to discuss with supervisors or other appropriate College management, any condition of employment.

.01 Monitoring and Administration

The President is responsible for monitoring and administering personnel policies. The President has the authority to assign the monitoring and administration of personnel policies to College administrative staff, department heads, and other supervisory staff as appropriate.

.02 Compliance and Enforcement

All College administrative staff, department heads, and other supervisory staff shall be responsible for compliance with and enforcement of the policies. Failure to ensure compliance and enforcement of these policies shall be considered dereliction of duty. The responsible supervisor shall be held accountable and disciplinary action taken.

.03 Reviewing Personnel Policies

The responsibility for revisions to the Leech Lake Tribal College's personnel policies will be initiated by the college's leadership and/or administrative team. The proposed personal policy changes to will be submitted to the office of Human Resources and the President for final review prior to submitting the proposed change(s) to the Strategic Planning & Policy Standing Committee. However, the Board of Trustees reserves the right to modify any personal policies, as needed, without any prior notice.

Generally, updates to the LLTC Personnel Policies will be on a three-year cycle, or where action needs immediate attention, the following process will apply:

1. Requested and/or suggested revisions and/or additions will be submitted in writing to the President and Human Resources office.
2. Human Resources will draft modifications and additions and meet with the internal HR subcommittee for discussion.
3. Revision recommendations will be forwarded to the President for review.
4. Once approved, the policy will go to the Board of Trustee's Strategic Planning & Policy Standing Committee for review and approval.
5. If there are suggested changes by the Strategic Planning & Policy Standing Committee, those changes will go back to step 2.
6. Once approved, the President and Human Resources will present the policy to the full Board of Trustees for adoption.
7. Human Resources will incorporate the policy in the LLTC Personnel Policies once adopted.

Approved by the HR Subcommittee Members on 03/30/2023

Revisions suggested by Board of Trustees Strategic Planning & Policy Subcommittee on 4/10/2023

Approved by the HR subcommittee members on 4/27/2023

HR will move to the BOT members on 5/22/2023

.04 Line of Authority

All employees should work to resolve personnel matters with their immediate supervisor. In the event an employee grievance or concern is about their immediate supervisor, or there is no result or an unsatisfactory result, the employee should follow the line of authority as shown. Failure to follow the line of authority may result in disciplinary action including termination.

1. President
2. Human Resources Director
3. Vice President(s)
4. Department Directors, Deans, Chairs
5. Supervisors
6. Employees

The exceptions to the Line of Authority policy are:

Any complaints of sexual or discriminatory harassment; all such complaints must be reported directly to the President and Human Rights Officer (see below), and

Acts of violence or other circumstances where employees are fearful or may be placed in danger; all such circumstances should be reported immediately to law enforcement first, then to College personnel.

.05 Actual conflict of Interest of the President

If the President of the LLTC has determined that they have an actual conflict of interest, the President must inform the Board of Trustees in a closed executive session or the alternative in writing and send the notice to the Board of Trustees in electronic mail.

After the President has informed the Board of Trustees of the actual Conflict of Interest, the President will appoint a proxy to serve in their place, and the proxy's decision will be binding. The order of preference that the President must choose a proxy will be as follows:

1. Tribal college president
2. Local college president
3. Other tribal college human resources director
4. Local college human resources director

If no one is available from the above preference, then the President may appoint someone to serve as a proxy if they have superior knowledge and experience in the policies and regulations of the LLTC, including human resources, and have familiarity with higher education rules, regulations, and human resources.

No person from the Board of Trustees may be appointed as a proxy for the President.

Reviewed and approved by the BOT on 9/18/2023

.06 Compliance Officer

For the purpose of these policies, the Human Resources Director is designated as the Human Rights Officer and the Americans with Disabilities Act Compliance Officer.

These roles are to assure compliance with the policies herein, and compliance with federal and state employment laws. When the Human Resources Director is asked to intervene or participate in a complaint or grievance process, this person's role is to assure that proper process and procedure take place, processes and procedures are properly documented, and appropriate authorities including College management staff and external authorities, when appropriate, are notified.

4030 Equal Opportunity and Affirmative Action

Within the scope of Sovereignty and Indian Preference described below, the College will not discriminate in the administration of employment, education or admission to the College, financial aid, or the approved policies of the College on the basis of sex, race, age, religion, color, creed, political or sexual preference, disability, national origin, marital status, or status with regard to income.

.01 Sovereignty

Federal and state labor laws, rules and regulations pertaining to employees shall be abided by in good faith to their fullest extent.

When such labor laws, rules and regulations are in conflict, the Sovereignty of the Leech Lake Band of Ojibwe will take precedence, i.e., legal matters concerning employment at Leech Lake Tribal College will be heard in Leech Lake Tribal Court.

.02 Indian Preference Law

Provisions in the Federal Civil Rights Act of 1964 allow private and governmental employers on or near federal trust Indian Reservations to publicly announce and practice a policy of giving preferential treatment to qualified American Indian candidates who present proof of eligibility for Indian Preference.

The Indian Preference Law is reasonably and rationally designed to further Indian self-government. The Indian Preference Law is a distinct statute that does not violate Title VII of the Civil Rights Act of 1964, as amended. The United States Supreme Court has held that the Indian Preference Law does not constitute harmful racial discrimination or violate the due process clause of the Fifth Amendment.

Legal references:

- I.S.D.A. [25 U.S.C. 450e(b)(1), 41 C.F.R. 14-78,5002] Section 7(b)(1)

- Executive Order 11246
- A.R.S. 15-502,15-504,41-1463

The College will make every effort to recruit and hire the most qualified individuals available for all positions. The College reserves the right to invoke American Indian preference for all positions to be filled. The following is the preference the College will use when selecting from a qualified pool of candidates for each vacant position:

1. Qualified Leech Lake Band of Ojibwe enrollees
2. Qualified other federally recognized tribal enrollees, or other Canadian Reserves enrollees
3. Qualified other applicants

.03 Equal Employment Opportunity

Within the scope of Indian Preference, the College will not discriminate in the administration of employment, education or admission to the College, financial aid, or the approved policies of the College on the basis of sex, race, age, religion, color, creed, political or sexual preference, disability, national origin, marital status, or status with regard to income.

.04 Filing an Equal Opportunity Discrimination Complaint

If an employee feels he/she has been discriminated against on the basis of religious, racial, gender/sexual or other discrimination, the employee is encouraged to file a written or oral complaint to the Human Resources Director. The complaint must contain a description of the basis for the complaint, information pertaining to the charges, and the name/s of person or persons involved.

The Human Resources Director will review the complaint (and if verbal, document it in written form) and notify the President. The Human Resources Director will meet with all parties involved to discuss the complaint and try to get resolution. If resolution is not achieved, the Human Resources Director will notify the President and the complaint may subsequently be referred to College legal counsel.

.05 Harassment

Leech Lake Tribal College will provide a work environment that is free from harassment on the basis of a person's race, color, religion, sex, age, creed, political or sexual preference, disability, national origin, marital status, or status with regard to income.

Sexual harassment is a form of sex discrimination and employee misconduct that violates Title VII of the Civil Rights Act of 1964.

Sexual harassment includes (but is not limited to) unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when submission to or rejection of this conduct has a purpose or effect of unreasonably interfering with an individual's employment or creates an intimidating, hostile or offensive work environment.

Other harassment on the basis of a person's race, color, religion, sex, marital status, sexual orientation, national origin, age or disability is verbal or physical conduct that disparages or shows hostility toward a person because of one of these factors, and that has the purpose or effect of creating an intimidating, hostile, or offensive work environment, or unreasonably interfering with a person's work performance, or otherwise adversely affects a person's employment.

Other harassment behavior includes (but is not limited to) name-calling, obscene gestures, pulling on clothing, graffiti, offensive notes or cartoons, unwelcome touching of a person or clothing, offensive or graphic posters or book covers, or violent acts.

.06 Reporting Harassment Complaints

If you are a victim of sexual, religious or racial harassment that makes you feel uncomfortable or fearful, it is helpful if you directly inform the harasser that the conduct is unwelcome and must stop.

You should also report the behavior to the President of the College. Nothing in this policy shall prevent any person from reporting harassment or violence directly to the College President.

Any person who receives a report of harassment shall inform the College President immediately.

Any witness to an experience of sexual, religious or racial harassment in the workplace should report the behavior to the College President.

The College encourages the reporting party to provide a written complaint, but oral reports shall be considered complaints as well.

The President will notify the Human Rights Officer immediately, without screening or investigating the report. If the report was given verbally, the President shall personally present it in written form within 24 hours and forward it to the Human Rights Officer. Failure of the President to forward any harassment or violence report or complaint will result in disciplinary action against the President. If the complaint involves the President, the complaint shall be made or filed directly with the Human Rights Officer who will notify the Board of Trustees.

In the absence of the President, the Director of Facilities and Safety or the Chief Academic Officer will receive and process the complaint as described above.

.07 Reprisal, Privacy and Confidentiality

Any employee or witness who submits a good faith complaint or report of harassment can raise such concerns without fear of reprisal or retaliation. The College will take immediate action if you report that anyone tries to intimidate you or takes action to harm you because you made such a report.

Throughout the investigation and outcome process, privacy and confidentiality for all persons involved, including the alleged victim(s) and alleged harasser(s) is of critical importance. All persons involved must refrain from gossip or discussion of alleged incidents or events with any persons other than the Human Rights Officer, College President, or such legal authorities as may become involved.

Your right to privacy will be respected as much as possible. We will take all appropriate action to investigate harassment claims, to eliminate that harassment, and to discipline any persons found to have engaged in such conduct.

Any violation of this policy by an employee will result in disciplinary action, up to and including termination of employment.

.08 Procedure for Resolving Harassment Complaints

The Human Rights Officer will make a timely, confidential, independent inquiry into any allegations of harassment. This inquiry should begin within three (3) working days of being

notified of such allegations. The investigation may consist of personal interviews with the complainant, the individual(s) against whom the complaint is filed, and others who may have knowledge of the alleged incident(s) or circumstances giving rise to the complaint. The investigation may also consist of any other methods and documents deemed pertinent by the investigator.

Depending on initial investigation results, the Human Rights Officer may notify the President and recommend that the complaint be turned over to College legal counsel.

The College will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses, as much as possible, consistent with the College's legal obligations to investigate, to take appropriate action, and to conform to any discovery or disclosure obligations.

When investigating allegations of harassment, the College considers the surrounding circumstances, the nature of the behavior, the relationships between the parties involved, and the context in which the alleged incidents occurred. A determination on the allegations is made from the facts on a case-by-case basis.

Upon completion of the investigation, the employee(s) who filed the complaint will be informed of the outcome of the investigation. This notification is expected to be within fifteen (15) working days after receipt of an allegation or complaint.

If the process exceeds fifteen (15) working days, the employee will be advised that an extension of time is required which will not exceed fifteen (15) additional working days.

Management will immediately halt any apparent or suspected harassment.

Any employee engaging in sexual, religious, racial or other unlawful harassment will be subject to disciplinary action, up to and including termination of employment.

.09 Right to Alternative Complaint Procedures

These procedures do not deny the right of any individual to pursue other avenues of recourse that may include filing charges with the Minnesota Department of Human Rights, initiating civil action, or seeking redress under state criminal statutes and/or federal law.

.10 Harassment or Violence as Abuse

Under certain circumstances, alleged harassment or violence may also be possible abuse under Minnesota law. If so, the duties of mandatory reporting under Minnesota Statutes Section 626.556 may be applicable.

Nothing in this policy will prohibit the College from taking immediate action to protect victims of alleged harassment, violence or abuse.

4040 Americans with Disabilities Act

Leech Lake Tribal College has a duty to provide reasonable accommodation to the known limitations of an otherwise qualified employee who has a documented disability.

College personnel will be asked to make “reasonable accommodations” in the employment process to ensure nondiscrimination on the basis of disability. Such accommodation will:

Refusal to take the test, or test failure (testing positive for drugs), will disqualify an applicant from employment consideration.

.03 Reasonable Suspicion and Post-Accident Drug Testing

In the case of abuse of illegal drugs or alcohol, the College may make rehabilitation opportunities available to the affected employee.

Normal leave benefits for which the employee is eligible are available to aid in the rehabilitation process.

If the employee does not voluntarily elect to participate in a rehabilitation program or fails to complete a rehabilitation process, the College will terminate employment of the affected employee.

.09 Conviction of a Criminal Drug Statute Violation

Employees convicted of a criminal drug or alcohol statute violation occurring in the workplace or workplace events will be terminated from employment.

The Nepotism Policy will not allow an employee to be assigned work under the supervision of a relative who might have the responsibility for that employee’s performance evaluation, promotion or salary increase.

Leech Lake Tribal College will not hire or permit the hiring of a relative unless the following conditions are met:

1. The applicant is not directly supervised or directly affected by the supervision of an immediate member of the family.

4120 Employment Policies

.01 Identity and Eligibility to Work in the United States

Legally, the College is obligated to ascertain the identity and eligibility to work in the United States for all job applicants. Therefore, every prospective employee must complete certain documents, including an I-9 form, and must provide specific forms of identification, including a driver's license and Social Security card, and if a non-citizen, a passport or other identification as specified on an I-9 form, before being officially hired to work at the College.

.02 Internal Promotions

It is the philosophy of the College that we should promote from within whenever appropriate. Present employees in a department may be given first consideration when filling vacancies within the department, with second consideration going to other College employees.

.03 Internal Employee Transfers

College employees have an opportunity to be considered for reassignment to positions within the College. Transfer of employees may occur only after Department Directors involved have agreed to the transfer, the required probationary period has occurred (if a new employee), and the President approves the transfer.

The transferred employee will be paid at the prevailing rate of the new position. Once transferred, the employee remains eligible for the benefits she/he has accrued.

Employees desiring to transfer positions will be responsible to:

1. Communicate in writing their desire for transfer to their Department Director.
2. Complete the application for employment for the position.
3. Meet the minimum qualifications for the position.
4. Satisfactorily complete the applicable selection procedures.
5. Serve a satisfactory probationary period after transfer of thirty days.

Employees who are transferred will:

1. Retain original employment anniversary date,
2. Have salary set in accordance with the type of reassignment, and
3. Retain leave balance, which shall transfer to the receiving department.

.04 Employees Hired from the Leech Lake Band of Ojibwe

When an employee of the Leech Lake Band of Ojibwe and other Leech Lake Band entities (Gaming and Housing) is hired by Leech Lake Tribal College, he/she will be considered a new employee with a new hire date. Years of employment service at the Band will not be counted

toward leave accrual at the College. Additionally, the College will not accept leave balance amounts for any new hire from the Leech Lake Band.

Leech Lake Tribal College will only allow medical and dental benefits to transfer from the Leech Lake tribal entities.

.05 Evaluation Period for Existing Employees in New Positions

Evaluation period for existing employees in new positions is 30 days.

This 30-day evaluation period will not impact employee benefits that may have been accrued. This evaluation period is to evaluate the employee's competency in the new position.

.06 Employment Application Process

All persons seeking employment at Leech Lake Tribal College must complete an application for employment and submit additional documentation where appropriate or required. Applications must be submitted to the Human Resources Office at Leech Lake Tribal College.

Faculty or administrative applicants are required to provide the following to the Human Resources Office before consideration for employment:

1. A completed and signed Leech Lake Tribal College application for employment

1. A completed and signed Leech Lake Tribal College Application for Employment.
2. A current résumé
3. A high school transcript certifying high school graduation or GED certificate
4. Name, address and telephone number of the at least three references.

.07 Criminal Background Check

As a condition of employment, applicants will be required to submit to a criminal background check. Refusal to submit to a background check, or failing a background check, will disqualify an applicant from employment consideration.

Criminal background checks may be conducted only after an offer of employment has been made.

Criminal background checks may be conducted on an existing employee if the employee is suspected of drug or alcohol use on campus, or has perpetrated a criminal act such as fraud, theft, or an act of violence. Refusal to submit to a background check, or failing a background check, may result in termination.

.08 Evaluation Period for New Employees

All new employees are on an evaluation status for 90 days.

During the 90-day evaluation period, new employees are not eligible to use personal leave benefits.

Employees who terminate or who are terminated during the 90-day evaluation period are not eligible for payment of personal leave time benefits.

After successful completion of the evaluation period for new employees, the accrual of personal leave time begins and is retroactive to the employee's start date.

.09 New Employee Orientation

All new employees must first meet with the Human Resources Director before they start work at the College. The purpose of this meeting is to prepare all paperwork to formalize the person as an employee in compliance with all regulatory and taxation authorities, payroll and benefits. Until the person has processed their paperwork, he/she is not an employee.

All new employees will have a formal employee orientation. The supervisor and department of a new employee are responsible for the employee orientation. The orientation includes a tour of College facilities, introductions to other staff, and introductory training on use of College equipment.

.10 Temporary Employment and Emergency Hires

Leech Lake Tribal College engages temporary employment or emergency hires when there is uncertainty about the need for a permanent position, or to replace a current worker while that worker is on sustained leave, or due to greater work demands. Generally, temporary employment and emergency hires will be for a year or less.

Temporary Hires

Temporary employees may be hired and scheduled in anticipation of vacancies, personal leave, greater business demands, or special events. If a temporary position leads to a regular full-time position, the temporary hire date will be the effective date of hire.

Emergency Hires

Persons hired on an emergency basis may begin work immediately. If an emergency position leads to a regular full-time position, the emergency hire date will be the effective date of hire.

Temporary and emergency hires are not eligible for employee benefits and are subject to all normal College hiring practices, which include, but are not limited to, satisfactory results of pre-employment drug screening and a criminal background check.

The President may approve temporary employment and emergency hires as needed. If the status for the temporary placement or emergency hire changes to permanent employment status, the Leech Lake Tribal College application and interview process applies.

4130 Compensation

All salary administration decisions are at the discretion of management. Financial and other factors impact all salary decisions.

.01 Starting Wages

Management will determine the starting salary that will be offered to a new employee, based on a number of considerations including market value for the position, education, experience, knowledge skills and abilities, and responsibilities as described in the position description. This decision, like all other salary administration decisions, is at the discretion of management.

.02 Salary Increases

“Cost of Living Adjustments” (COLAs) are increases typically awarded to full-time employees who have successfully completed the 90-day evaluation period by the first month following the recognition of the increase. COLAs will become effective on the first of the month following the recognition of the increase. Each eligible employee will receive the same percentage increase, except those employees who are in a disciplinary status and employees who may be deemed

ineligible for the cost of living increase. Employees who are on disciplinary status may be eligible to earn the cost of living increase once they are no longer in disciplinary status, or the increase may be waived for that employee for that year. This decision, like all other salary administration decisions, is at the discretion of management. Part-time, Adjunct, Temporary Employees, and Emergency Hires are ineligible for COLAs.

.03 Overtime Pay and Exempt versus Non Exempt Status

In accordance with the Fair Labor Standards Act, the College complies with overtime pay requirements.

Exempt employees are paid based on an annual salary and are exempt from overtime pay.

Non-exempt employees are paid on an hourly basis and receive overtime pay.

Exempt status employees are employees who put in at least 40 hours a week on a regular basis without taking any type of leave. Exempt employees who are absent from work for more than 4 hours during a working day, or who run personal errands during work hours, need to take personal leave for that time.

If exempt employees cannot work a normal 40-hour week on a regular basis, that employee may be changed to hourly status.

Administrative and faculty positions are generally paid on an annual basis and are generally exempt from overtime pay.

Support, custodial, maintenance, and security staff are paid on an hourly basis and receive overtime pay for hours worked over forty (40) hours per week.

Employees who move from an exempt to a non-exempt status, or vice versa, will receive, or not receive, overtime pay based on their current status.

Non-exempt (hourly) employees will be paid time-and-one-half for all time worked in excess of forty (40) hours in one week. Holiday hours or personal leave hours do not count as hours worked and will not impact whether or not employees are entitled to overtime.

For example: During a one-week pay-period, there is an eight-hour Holiday, and the employee works 38 hours for a total of 46 hours to be paid. The employee will receive eight hours of Holiday pay and 38 hours of regular pay and will not be entitled to overtime pay.

.04 Exempt Employees

Exempt employees at Leech Lake Tribal College are those who fill supervisory roles, have fiduciary responsibilities, other job responsibilities, and/or have salaries that meet the salary requirement for exempt status.

Exempt employees are expected to work a minimum of 40 hours per week at LLTC. It should be understood that exempt employees can be expected to work more than 40 hours; however, LLTC is holding to a 40-hour per week standard. Because exempt employees are “exempt” from earning overtime pay (hence the term exempt employee) it becomes the role of the supervisor to allocate an employee’s time appropriately. LLTC recognizes that there are times exempt employees will work more than 40 hours. In these instances, LLTC will allow supervisors to be flexible in scheduling and accounting for the employee’s time.

It should be noted that if an exempt employee continually contributes less than 40 hours per week to LLTC, that employee may be required to take non-exempt employee status. Again, it is expected that exempt employees work 40 hours per week, take personal leave for time missed, or make up time as required. No one should expect the College to continue to pay for 40 hours of work when 40 hours are not worked. In these circumstances, the College must exercise fiscal responsibility and take actions that ensure the policies and pay scales set by the College are reflected in the hours worked by College employees.

.05 Overtime Procedures

Supervisor Responsibility:

It is the responsibility of the supervisor to determine if and when there is a need for an employee to work overtime. Every effort should be made to avoid overtime hours, but in cases where it is deemed necessary, the supervisor should ask the employees affected if they are available to perform extra hours of work. If the employee agrees, supervisors then write a memo describing the expected hours to be worked, the work to be performed, and the reason it is necessary to be done on an overtime basis versus regular hours. The supervisor and employee should be in agreement as to the additional hours that will be necessary to perform the work. Both the supervisor and employee must agree and sign the memo **before** any work is performed, **not after**. Immediate supervisors then need the approval of the Finance Office, since it affects budgets.

The College expects supervisors and employees to manage time appropriately. The College is aware of unforeseen situations that may require an employee to work more than 40 hours without prior approval; however, such occasions are rare, and if there are recurring requests for overtime, disciplinary action may be required.

Employee Responsibility:

Employees are to record their overtime on their time card and attach the memo authorizing the overtime and signed by required supervisory staff and employee. Employees are expected to be able to perform their jobs within the 40-hour work week, and should not work additional hours without the prior approval of their supervisors, as described above, in writing and signed.

Supervisors may agree to allow employees who work overtime to document their hours as “comp time” at time and one half rates. The responsibility of both parties remains the same as for overtime earned, with the additional responsibility of keeping a log of the hours worked, signed by both the supervisor and employee. When the log is added to or subtracted from, both signatures need to be on the log. Supervisors should receive a copy of the log at the end of any week overtime is worked, whether it is to be paid as overtime, or used as “comp time” in the future.

This is critical because time earned and stored as comp time will be paid to employees eventually, either as time off, or as a remaining balance upon termination of employment.

.06 Compensatory Time

When compensatory time has been earned as described in Section 4130.04, Overtime Procedures, and employees want to use the time in place of personal leave, they are to attach the following documents to their time card:

Memo of Authorization for overtime earned, signed by employee, his/her supervisor, and the Chief Academic Officer. The signed leave form authorizes time away from the job with notation that the time being used is compensatory time, not personal leave.

Compensatory time log for verification of hours and remaining balance must be signed by the employee and supervisor.

.07 Full-Time versus Part-Time

Employees are principally classified as administrative, faculty, adjunct faculty, security, or maintenance. Within each of these classifications, each employee has a specific job title and position description.

Regular full-time employees work a minimum of 32 hours per week. Full-time faculty members teach 30 credit-hours per school year (15 credits per semester). These employees are those who are not in a contract on probationary status. These employees are eligible for enrolled benefits subject to the terms, conditions, and limitations of each benefit program.

Part-time employees are those employees who are assigned to work less than 32 hours per week. Part-time employees receive all legally mandated benefits such as Social Security and Workers Compensation insurance. Part-time employees may not be eligible for enrolled benefits.

.08 Work Schedules

Support, Custodial and Maintenance Staff: The normal workday will be between 8:00 a.m. and 4:30 p.m. with one-half-hour lunch period. All hourly employees are subject to work-schedule

changes at the direction of the appropriate supervisor. Full-time employees in these positions may work overtime and be paid overtime pay with the authorization of their supervisor.

Part-time Support, Custodial and Maintenance Staff: Their supervisor will determine work schedules. Part-time employees can only work up to twenty hours per week.

Faculty: Full-time instructors are required to be on campus for the contracted number of credit hours and the contracted number of office hours, and are also expected to be present for all faculty meetings and other meetings called by the Chief Academic Officer and/or Dean of Instruction. Faculty members must attend all committee meetings of which they are members.

Adjunct: Adjunct faculty members are classified as part-time employees. An adjunct instructor is expected to be on campus for the contracted number of hours per semester. Adjuncts are also required to be on campus for the contracted number of office hours.

Administrative Salaried Employees Administrative salaried employees must work a minimum of forty hours per week. These employees may be required to work a flexible schedule as needed, including evenings or weekends to ensure the demands of the position are met.

.09 Work Attendance Policy

Excessive Absenteeism and Tardiness: The College expects employees to be reliable and punctual in reporting for scheduled work. Absenteeism and tardiness place a burden on other employees and on the College. When employees cannot avoid being late, or are unable to work as scheduled, they should notify their immediate supervisor within thirty minutes or as soon as possible in advance of the anticipated absence or tardiness. Poor attendance and excessive tardiness are disruptive and will not be tolerated. Either may lead to disciplinary action, and/or termination of employment.

Notification: An employee who is going to be absent from work must call his/her supervisor by 9 a.m. of the day the absence will occur. Failure of the employee to comply with this requirement could result in loss of pay and possible termination.

No-Call/No Show: This condition is created when an employee does not call and does not show up for work. No-call/no-show will be considered “absent without approved leave” after 30 minutes past scheduled start time for any employee. The consequences of No Call/No Show are:

1. First occurrence: verbal warnings will be given and documented in the employee’s personnel file. The employee’s pay will be docked for the time the employee did not work.
2. Second occurrence: will be written and placed in the employee’s personnel file. The employee’s pay will be docked for the time the employee did not work.
3. Third occurrence: termination.

Job abandonment or absent without leave: When an employee fails to report to work for three consecutive scheduled workdays, it shall be considered job abandonment. Walking off the job or leaving the designated job site without approval may be considered job abandonment or absent without leave. The employee may be terminated.

.10 Time Cards

All LLTC hourly employees are required to complete, sign and submit time cards.

Time cards must be submitted to the Finance Office no later than 11 a.m. the following Wednesday after each payday. The employee is responsible for preparing time cards correctly with name, department name, dates, hours, holidays and personal leave days, and employee signature.

All overtime must be authorized by the employee's supervisor; it is the responsibility of the supervisor to determine if and when there is a need for an employee to work overtime. Every effort should be made to avoid overtime hours, but in cases in which it is deemed necessary, the supervisor should request that an employee be available to perform extra hours of work. If the employee agrees, his/her supervisor must then write a memo describing the expected hours to be worked, the work to be performed, and the rationale for working overtime. The supervisor and employee should be in agreement concerning the additional hours that will be necessary to perform this work. Both the supervisor and the employee must agree and sign the memo before any work is performed, not after. The supervisor's memo pre-authorizing overtime must be attached to the time card. The College expects supervisors and employees to manage time appropriately. On the other hand, the College is aware that unforeseen circumstances may require an employee to work more than 40 hours without prior approval. These incidents are rare, and if incidents such as this continue to occur, disciplinary action may be taken.

The Finance Office will not complete time cards for any employee. No employee should prepare time cards or clock in for any other employee. It is the responsibility of the employee to clock in and submit time cards in a timely manner.

Falsification of time card records will be grounds for immediate termination.

.11 Time Card Attendance Reports

All administrators and salaried employees are required to complete, sign and submit time cards, recording leave time, to the payroll department. These reports are used to record and track sick leave and annual leave. These time card attendance reports are due in the payroll office the first Wednesday after each two-week pay period end date. Payroll checks will not be issued to employees who fail to submit their attendance reports on time.

.12 Pay Periods

Wages are paid bi-weekly for a total of twenty-six (26) pay periods per year. If a scheduled payday is on a holiday, the payday will be on the day prior to the holiday.

The College offers, as an employee benefit, direct deposit of employee paychecks into the bank account of the employee's choice. See the Human Resources Director for further information. Employees who do not choose direct deposit should pick their paychecks up at the administration building on payday.

.13 Pay Advances

In the event of a personal emergency, employees may submit a written request to the Finance Office for up to a maximum of \$400.00 as a payroll advance. The advance must be repaid over the following four (4) pay periods and will be deducted from the employee's paychecks during those periods.

Such a pay advance can only occur twice per fiscal year per regular employee (July 1 to June 30), and once for Work-study employees and interns/tutors who are employees.

The Supervisor and President (or CFO, in the absence of President) must approve payroll advances. Payroll advances are intended for emergencies, i.e., death, serious illness, or natural disaster.

Requests should be made no earlier than the Tuesday of the normal payday week.

Early checks are released on occasion, dependent upon approval of supervisor and emergency situation. Early check release is greatly discouraged; therefore, employees will not receive approval for repeated requests for an early check release.

.14 Pay Deductions

Deductions from employee paychecks include, as applicable, federal income tax, Social Security (FICA), Medicare/Medicaid, state income tax, child support, Reservation Tribal Court orders, student loans, and federal wage levies. Additional deductions requested by an employee may include medical insurance premium co-pay and retirement contributions.

Any personal expenses or loans advanced by the College on behalf of an employee will be deducted at a schedule rate agreed upon in writing by the employee and appropriate creditor.

4140 Performance Evaluations

Performance evaluations are conducted to provide supervisors and employees the opportunity to discuss job tasks, identify and correct weaknesses, encourage and recognize strengths, and discuss positive, purposeful approaches for meeting goals and expectations.

.01 Evaluation Period

All employees on 30- or 90-day evaluation status will be evaluated by their supervisor at the end of their evaluation period.

.02 Annual Performance Evaluations

All full-time employees will be evaluated by their supervisor every twelve (12) months, on or before the anniversary of the employee's hire date.

.03 Interim Performance Evaluations

Interim evaluations may be conducted periodically and are intended to assist employees in attaining employment goals, or may be follow-up evaluations for an employee on disciplinary or recommended work improvement status.

.04 Performance Evaluation Review and Filing

The Department Director, Dean or Chair will review the performance evaluation. The Department Director, Dean or Chair must authorize any recommendations by the supervisor.

Performance evaluations shall be placed in the employee's personnel file folder.

.05 Employee Right to Appeal

The employee has a right to appeal his/her performance evaluation through his/her Director, Dean or Chair or Vice President of Academic Affairs within two weeks of the evaluation date.

The Department Director, Dean or Chair, or Vice President of Academic Affairs will review the evaluation with the employee and supervisor and may or may not make adjustments or recommendations. The outcome of this appeal will be made in writing, and a copy will be placed in the employee's personnel file.

If the employee wishes to protest the results of the appeal, the employee should prepare a written protest to the Human Resources Director. The Human Resources Director, in consultation with the President, will determine if the employee should be reevaluated or if the original evaluation was conducted properly and will stand. The employee will be notified in writing of the result.

4145 Longevity Policy

Supervisors may, at their own discretion, approve other cases, such as when an employee’s relationship with the deceased is similar to any of the above relationships. Additional leave, with supervisor approval, may be granted. If the employee has accrued personal leave time, the leave will be with pay. If the employee has no accrued personal leave time, the leave will be without pay.

.03 Unused Personal Leave

An employee who resigns or is terminated will be paid for unused, accrued personal leave.

.04 Family and Medical Leave (FMLA)

The following paragraphs present an overview of Family Medical Leave. For more specific information, contact the Human Resources Director.

Eligible employees of Leech Lake Tribal College are entitled to Family Medical Leave in compliance with the federal Family Medical Leave Act. If an eligible husband and wife are employed by the College, each of them has a total of 12 unpaid weeks available for FMLA leave in any fiscal year; however, they cannot use more than a shared total of 12 weeks for parental leave, and/or to care for a seriously ill parent.

Eligible employees must have worked for the College at least 12 months and worked at least 1,250 hours in the 12 months preceding commencement of the leave.

FMLA is intended to allow employees to balance their work and family life by taking reasonable unpaid leave (maximum of 12 weeks per fiscal year):

1. For the birth and subsequent care of the employee's child;
2. For the placement of a child with the employee for adoption or foster care;
3. In order to care for the spouse, child or parent of the employee who has a serious health condition; or
4. When the serious health condition of the employee renders the employee unable to work.

This twelve-week leave is a benefit that provides the employee the right to return to the same job or an equivalent position at the end of the leave, if such job or position is available.

The College will maintain the employee's health coverage under any group health plan provided the employee continues to make the required contribution.

Other benefits in place immediately before the leave will not accrue during the leave, but will be reinstated, provided the employee returns to work within 30 days following the end of leave date.

The employee, whenever possible, is required to request leave by providing at least thirty (30) days' notice prior to any leave. For emergency treatment or circumstances where thirty days' notice cannot be provided, the employee shall provide notice of leave to be taken as soon as possible.

The employee is always responsible for obtaining required medical certification to support any FMLA leave. The College may require second or third opinions (at the employer's expense) and a fitness for duty report to return to work.

During FMLA leave, the employee will be required to first use all accrued personal leave for which they are otherwise eligible, concurrent with Family Medical leave.

.05 Leave of Absence without Pay

A leave of absence without pay may be granted for a maximum of 90 days.

The College must have assurance that the leave of absence will not have a negative effect on the day-to-day operation of the College.

To request a leave of absence without pay, the request must be made, in writing, to your immediate supervisor. Your supervisor will review the request with the appropriate supervising team which may:

1. Deny the request if it is determined that the leave will have a negative effect on the College, or
2. Make a recommendation to the President to approve the request.

The President of the College must approve any leave of absence without pay.

No applicable benefits shall accrue during unpaid leave and the employee will bear the cost of medical and dental benefits through COBRA during any leave of absence.

.06 Education Benefit and Leave

Employees of Leech Lake Tribal College may avail themselves of three (3) hours of paid Education Leave per week. Employees will receive one 3-credit tuition waiver per semester for classes taken at LLTC.

1. Education Leave must be arranged with and approved by immediate supervisor and the President of the College;
2. Education Leave must not leave a department or area short-handed;
3. Education Leave must be taken at the same day and time each week;
4. Education Leave may be taken only while classes and/or finals are in session, or when attendance in person is required, and not during breaks or holidays;
5. Persons participating in distance learning may take Education Leave during the work day and may remain at the College with permission of their supervisor. The person taking leave must post a visible note on his/her door stating that (s)he is taking Education Leave, must include the times (s)he will be unavailable, and must close his/her office door.
6. Employees taking Education Leave must note such leave on the time card submitted to their supervisor for payroll.

It is expected that LLTC employees will not do homework, readings, paper writing, research, etc. while on college time other than the three (3) hours of Education Leave allowed. Abuses of

Education Leave, and/or working on things other than College duties will result in disciplinary action and possible termination.

NOTE: Paid education leave and fitness leave cannot be taken simultaneously.

.07 Jury Duty Leave

An employee on any work schedule shall be granted leave with pay for actual time spent on jury duty. The employee's pay will be adjusted to reflect jury duty compensation.

.08 Military Leave of Absence

A military leave of absence without pay will be granted to employees who are absent because of service in the U.S. Military. Accrued personal leave may be used for military reserve duty.

Advance notice of military service is required, unless military necessity prevents such notice or it is otherwise impossible or unreasonable.

Leave benefits will not accrue during extended (non-reserve) military leave of absence. Medical benefits for which the employee is enrolled will continue if the employee continues to make his/her premium payments.

Upon return from military service, the employee will be placed in the position (s)he previously held, or a comparable position if such position is available.

.09 Family Paid Medical Leave Act – Maternity/Paternity Leave

Maternity/Paternity leave used to bond with a newborn baby is available to employees who have worked at LLTC for 12 months, with a minimum of 1,250 hours worked within that 12-month period.

Requests can be made for up to 12 weeks; however, Leech Lake Tribal College will only pay for six weeks if maternity/paternity leave is granted. If both parents request FMLA, and are both Leech Lake Tribal College employees, the six-week paid FMLA will be divided between them. Requests to use paid FMLA must be submitted to the employee's immediate supervisor.

.10 Fitness Leave

Leech Lake Tribal College acknowledges and supports the importance of physical activity, which benefits the health of employees, improves job performance, and may reduce costs associated with health care and lost wages due to illness of the employee.

In an effort to encourage employees to engage in regular physical activity, the College will allow employees up to 30 minutes per day of paid time to exercise, if an employee chooses to do so.

This leave will only be allowed if it does not create an undue hardship on the program/department/division or affects the employee productivity.

The Director, Dean or Chair, or immediate Supervisor will make this determination, but all employees should be considered for the leave. The employee and supervisor must agree on time of day and location at which the employee utilizes this policy. If any discrepancies should occur, the supervisor can at any time review the sign-in sheets at area fitness centers, if applicable. If this policy in any way abused, the opportunity can be taken away from the employee and further disciplinary action will be taken.

NOTE: Paid fitness leave and education leave cannot be taken simultaneously.

4175 Breastfeeding Policy

Leech Lake Tribal College recognizes the importance of breastfeeding for both mother and infant. The College will support continuation of breastfeeding upon the mother's return to work. Management and employees shall work together to find mutually agreeable hours of work and breaks which support the continuation of breastfeeding. This shall be done within the policies of Leech Lake Tribal College.

.01 Statement of Breastfeeding Harassment

The employee's supervisor shall be informed immediately if an employee is subjected to any type of harassment, perceived or otherwise, with respect to breastfeeding. The Sexual Harassment policy shall then be followed to address the harassment.

.02 Breastfeeding Guidelines

Employees may have their babies brought to work at break time and/or lunchtime to be breastfed. The College shall also provide a reasonable amount of break time to accommodate an employee desiring to express breast milk. The break time shall, if possible, run concurrently with any break time already provided to the employee. Flexibility regarding timing of these scheduled breaks or additional time required will be discussed with the Supervisor. The employee will be responsible for making up any additional time taken, in consultation with the Supervisor.

The employer shall make reasonable efforts to provide the employee with the use of a room or other location in close proximity to the employee's work area for the employee to feed the baby or express milk in private. The room or location may include the place where the employee normally works, if privacy can be maintained.

Employees will be responsible for the storage of the expressed milk. The milk may be stored in any College refrigerator and must be labeled with the employee's name to ensure the safety of stored breast milk.

4180 Employee Conduct

.01 Employee-Student Fraternization

Leech Lake Tribal College desires to avoid misunderstandings, complaints of favoritism, possible claims of sexual harassment, and the employee morale and dissension problems that can result from personal or social relationships between employees and students. Accordingly, all staff and faculty are prohibited from fraternizing or becoming romantically involved with students when, in the opinion of the College, their personal relationships may create a potential conflict of interest, cause disruption, create a negative or unprofessional work environment, or present concerns regarding supervision, safety, security or morale.

An employee who fails to withdraw from participation in activities or decisions that may reward or penalize the party with whom he/she is having a consensual personal or romantic relationship will be deemed to have violated this policy.

It is the responsibility of each Department Director, Dean or Chair, and all Supervisors to take necessary and appropriate steps, beginning with informal steps to resolution, to prevent and correct problems stemming from consensual personal or romantic relationships. If informal steps for resolution are unsuccessful, the matter will be pursued via the formal corrective action process listed in section 4190.

All employees should also remember that Leech Lake Tribal College maintains a strict policy against unlawful harassment of any kind, including sexual harassment.

The Human Resources Director shall take appropriate measures to ensure that:

1. This policy is widely and frequently disseminated to employees, and that
2. Other appropriate means of educating employees, such as periodic workshops, are pursued.

It shall be the responsibility of Directors, Deans or Chairs, and Supervisors to ensure that employees and students under their direction are informed of this policy.

.02 Employee Gambling Restriction

During work hours, all employees of Leech Lake Tribal College are prohibited from gambling at any gaming facilities or on the Leech Lake Tribal College campus. This policy applies to normal working hours, including break times.

Any employee violating this gambling policy will be subject to disciplinary action that may include termination.

.03 Employee Gift Restrictions

College employees are forbidden to solicit or accept anything of monetary value for personal use or benefit, or in return for consideration, from any organizations or individuals whose interest may be affected by the employee's action in the course of performing their duties. This includes sales persons or companies that promise gifts for orders received.

Violations of this rule, at the discretion of the College, may include criminal prosecution and/or termination of employment. The exception to this policy is ceremonial gifts that are traditional in a culture.

.04 Misappropriation, Theft or Destruction of College Assets

The misappropriation of College assets will be considered theft. All suspected theft or destruction of College property will be investigated, and will result in disciplinary action, which may include termination (if an employee) and legal action against the offender.

.05 Security

Employees may be given security access codes for building security alarms and computers, and also may be given keys to buildings and offices.

Such codes and keys are never to be shared with any other person. Upon leaving employment at the College, all keys are to be returned to the Human Resources Department or your supervisor.

.06 Political Activities

Acceptable Political Activities - Employees may:

1. Exercise their rights of citizenship by participating in tribal, local, state or national elections and public activities to the extent permitted by law.
2. Be candidates for any political office, provided such candidacy does not interfere with the performance of their assigned duties and responsibilities.
3. If an employee is elected to serve in any office in which a conflict of interest may arise between the elected position and decisions impacting the Tribal College during his/her term in office, the employee must resign from employment at the College.

Unacceptable Political Activities - Employees shall not:

1. Use their authority or influence for the purpose of interfering with or influencing an election, nomination or affecting the results thereof:
2. Directly or indirectly coerce, command or advise subordinates to pay, lend or contribute anything of value for political purposes to any party, committee, organization, agency or person.
3. Engage in any political activity outside the scope of assigned duties during scheduled working hours, or neglect their assigned duties and responsibilities. Personal leave must be used if an employee is going to participate in a campaign during regular work hours.
4. Actively participate in a political protest during work hours.

4190 Discipline Process

The following presents a general guideline of progressive discipline procedures in case an employee has violated company policy or broken established rules or regulations. The College maintains full discretion to take whatever action it considers necessary and appropriate under the circumstances with respect to any disciplinary or performance issue. Upon authorization of the President, other disciplinary action may be taken.

The purpose of any disciplinary action is to 1) correct the problem, 2) prevent recurrence, and 3) prepare the employee for satisfactory service in the future. By using progressive discipline, it is hoped that most employee problems can be corrected at an early stage, benefiting both the employee and the College.

.01 Oral Notice

The offense is discussed with the employee by the supervisor in a private location. The employee should be told of the violation, be reminded of the importance of the violated rule or policy, and told what the employee must do to correct the problem. The supervisor will document this meeting, and the required corrective action and a copy of the document will be placed in the employee's personnel file.

.02 Written Notice

If the employee fails to correct the problem, the supervisor should write a memorandum, signed by the supervisor, to the employee describing the violation, the required corrective action, and a time frame for performance improvement. The supervisor should discuss the contents of the memorandum and the employee should sign the memorandum acknowledging receipt of the memorandum. A copy of the memorandum will be placed in the employee's personnel file.

The employee's supervisor should discuss the problem with the Department Chair or direct Supervisor. If it is determined that the problem may be unresolved and is serious enough to warrant potential termination, the President should be advised.

.03 Decision-Making Leave or Suspension

If the problem continues to exist after the written reminder, or if the employee refuses to sign the reminder, the President is to be informed of the employee's policy violation and subsequent behavior.

The President has the authority to place the employee on paid decision-making leave for up to one day, or to suspend the employee for five (5) unpaid workdays. The supervisor, with consensus of the President, will write a letter advising the employee of the terms of the decision-making leave or suspension. The letter will be presented to the employee by the supervisor.

The purpose of decision-making leave or suspension is to allow the employee the time to contemplate and decide whether or not (s)he can comply with the rule or policy in order to retain a position at the College.

Employees on suspension are not allowed to be on campus until the end date of suspension. This includes attending classes and conducting personal business on campus.

.04 Results of Decision Making Leave or Suspension

1. Upon the employee's return from decision-making leave or suspension, the supervisor and the President or direct Supervisor should meet with the employee before the (s)he returns to work.
2. If the employee fails to meet the conditions outlined in the written notice, and fails to meet the conditions after decision-making leave or suspension, the supervisor will recommend to the President that the employee be terminated.
3. The President will review the employee's personnel file and the supervisor's recommendation. The President determines if termination is appropriate and will provide notice to employee.

.05 Termination

When an employee on discipline status has received a letter of termination, the employee, monitored by a supervisor (and security, if appropriate) will be required to return College property, collect personal belongings and immediately leave the College.

.06 Disciplinary Reasons

While it is impossible to list every type of behavior or performance shortfall that may be cause for a disciplinary action, the following are examples of unsatisfactory performance or conduct that will make progressive disciplinary actions necessary. The first seven listed behaviors, if shown to be true, may result in immediate termination. The remaining behaviors and performance may also result in immediate termination, depending upon severity.

A. Possible Grounds for immediate termination:

1. Criminal activity, which has an adverse effect on the reputation, credibility or reliability of Leech Lake Tribal College, its operations or activities.
2. Intoxication, unlawful use or sale of alcohol, drugs or other controlled substance while on property.
3. Theft or the illegal taking of another person's property without that person's freely-given consent. Theft may include such crimes as burglary, embezzlement, larceny, or looting.
4. Violence or intimidation on property, including hate crimes. Hate crimes occur when a perpetrator targets a victim because of his or her perceived membership in a certain social group, usually defined by race, religion, sexual orientation, disability, class, ethnicity, nationality, age, gender, or political affiliation. Incidents may involve physical assault, damage to property, bullying, harassment, verbal abuse or insults, or offensive graffiti or letters (hate mail).
5. Possession, use, purchase, or sale of weapons, firearms, ammunition, explosives, etc. on property.
6. Misstatement of material fact in application for employment.

7. Falsification of records.

B. Other conduct meriting disciplinary action;

1. Willful neglect in the performance of duties of a position to which an employee is assigned.
2. Disregard for policies of the Leech Lake Tribal College.
3. Unauthorized disclosure of any information that has been designated privileged or confidential.
4. Willful misuse, misappropriation, negligence or destruction of Leech Lake Tribal College property, removal or conversion of property for personal gain.
5. Absence from duty or tardiness without required prior notice or acceptable cause.
6. Violation of privileged information or its use for private gain or the soliciting or acceptance of any gift of value from any person whose interest may be affected by the employee's action in the course of performing his or her duties.
7. Engaging in sexual harassment, knowingly making a false report of sexual harassment, retaliating against a person who either reports a complaint or sexual harassment or provides information regarding a complaint of sexual harassment.
8. A supervisor who fails to report evidence of sexual harassment.
9. Insubordination.
10. Violations of generally accepted safety practices.
11. Unprofessional or discourteous conduct toward supervisors and coworkers.
12. Lack of performance.
13. Lack of, or loss of a valid driver's license when it's a bona fide qualification for the job held.
14. Any other conduct or action of such seriousness that disciplinary action is considered warranted.

4195 Appeal Procedure for Involuntary Separation from Employment for Cause

.01 - Purpose

An appeal of involuntary separation will be used for disputing decisions of involuntary employment separations for cause. Any regular full-time or part-time employee who has completed his/her introductory period and has been involuntarily separated for cause may file a grievance. Employees terminated at-will cannot appeal their termination. Emergency hire employees, temporary employees, seasonal employees, interns, and Work Study employees who are terminated for cause cannot appeal their termination.

.02 – Definition

An appeal of involuntary separation for cause is a formal, written request from an employee who was involuntarily separated for compelling reasons stated. The written appeal must state

specifically what action or policy has been violated or is in question and any other facts the employee believes are relevant to the action. The employee must also state what resolution they are seeking.

.03 – Appeal Panel

An Appeals Panel shall hear all appeals of involuntary separations for cause. The Appeals Panel shall consist of three (3) members who will be selected from the LLTC Governance Committee, which is comprised of LLTC leadership, one LLTC faculty member, and the LLTC President. The LLTC legal representative (attorney) may serve as a part of the Appeal Panel in cases deemed necessary, but they shall not have a vote.

.04 – Appeal Process

Step 1. All appeals shall be submitted to the Human Resources Director within five (5) working days upon receipt of the official involuntary separation letter. If the Human Resources Director is submitting an appeal, their appeal shall be submitted to the President.

Step 2. The Human Resources Director/President will notify the Appeal Panel to review the appeal within five (5) working days of receipt of the appeal. At this step, any member(s) of the Appeals Panel who may have a conflict of interest will declare their recusal from the Appeals Panel.

Step 3. Within ten (10) working days, the Appeals Panel shall review or hear the appeal and decide on the case. The Appeals Panel will immediately determine whether they will require a face-to-face hearing based on the facts provided by both the employee and the supervisor. The Human Resources Director/President will chair the appeals process to clarify policy and procedures but will not vote.

Step 4. The Appeals Panel will provide their decision within ten (10) working days to the Human Resources Director/President, who will then notify the parties in writing within three (3) working days of reaching a decision. The decision of the Appeals Panel will be the final decision regarding appeals of termination.

.05 – Appeal Hearing Procedure

The Appeal Panel members shall allow the terminated employee and their supervisor an opportunity to speak, ask questions and submit information. The Appeals Panel may also allow the parties to bring witnesses to present information on their behalf. Non-employee representatives cannot participate in this internal appeals process.

1. **Testimony.** The terminated employee and the supervisor will have an opportunity to give testimony and have witnesses, question the other party and witnesses, respond to what is

said by the other party and witnesses and make a final statement at the close of the hearing.

2. **Evidence.** Both parties may bring any evidence that will help prove their case.
3. **Attendance.** If the employee and/or the supervisor fail to attend the hearing, the appeals committee may take testimony and documents from the attending party or decide the case based on what is already in the termination and personnel file.

.06 - Reinstatement of an Employee

If an employee is reinstated by the Appeals Panel, there will be a thirty (30) day cool down period before the employee may be terminated at-will. The thirty (30) day cool down period does not apply to employees who commit a disciplinary action that arises to immediate involuntary separation or if the employment position is eliminated due to lack of funding.

4200 Employee Grievance Policy

Leech Lake Tribal College is committed to providing the best possible working conditions for its employees. Part of this commitment is encouraging an open and candid atmosphere in which any problem, suggestion, or question receives a timely response from supervisors and management. If an employee disagrees with disciplinary actions or employment practices, he/she can express his/her concern through the grievance process as a first step. No employee will be penalized formally or informally for voicing an employee issue.

.01 –Purpose

The grievance/complaint procedure aims to provide a uniform and equitable method of resolving grievances as quickly as possible and at the lowest possible level of supervision. This procedure is intended to assure an employee that any grievance/complaint will be heard and that any corrective action taken will be without reprisal or discrimination against the employee submitting the grievance.

.02 – Definition

A grievance is a complaint filed by an employee concerning any improper application of this Human Resource Policy Manual, departmental work rules, unsafe or unhealthy working conditions, discrimination, harassment, or alleged improper treatment that cannot be satisfactorily resolved between an employee and his/her supervisor.

.03 – Procedure

All employees are encouraged to bring concerns that affect their attitude or ability to perform their jobs to the attention of their supervisor. Open communication between supervisors and their staff should solve most concerns that arise in a timely manner. However, grievances that don't follow the steps below will not be considered. The employee can seek guidance from Human Resources at any time during this process.

Step 1. Any eligible employee who has a grievance/complaint must immediately submit it in writing to their direct supervisor, preferably within three (3) working days of occurrence. The supervisor has three (3) working days to answer the complaint in writing and submit it to the employee. The supervisor should make all reasonable attempts to resolve the complaint before it is forwarded to the Human Resources Office. If the employee has a complaint against their supervisor, they may skip this step and submit their complaint directly to the Human Resources Office.

Step 2. If within three (3) working days there has been no decision/resolution or negotiated settlement, or the employee is not satisfied with the results, the employee has two (2) working days to submit the original written presentation of the grievance/complaint to the next level of authority on his/her chain of command, along with the supervisor's written response. This level of authority will have five (5) working days to answer the complaint in writing and submit it to the employee. This process will continue with additional levels on the employee's chain of command as it applies.

Step 3. Final Step. If within five (5) working days there had been no decision or negotiated settlement, or the employee is not satisfied with the results, the employee has two (2) working days to submit the original written grievance/complaint to the Human Resource Director along with the supervisory written responses from their chain of command. The Human Resource Director will consult with the President and respond with a final decision within five (5) administrative business days. This decision will be final.

04. – Grievance Against the Human Resources Director

If the grievance is against the Human Resources Director, the grievance should be submitted to the President, who will investigate the grievance and make a final decision.

.05 – Grievance Against the President

If the grievance is against the President, the Board of Trustees shall function as the grievance committee and will be the final authority. Any grievance must be submitted directly to the Board of Trustees' Vice-Chair.

Amended and approved by BOT 12/30/2019

Amended and approved by BOT 9/18/2023

.06 Appeal of a Grievance Decision

If an employee feels the grievance process has not been followed the employee may, within ten (10) working days after the grievance occurrence, appeal to the President who will hear the employee's concerns regarding the process and/or refer them to a grievance committee comprised of management and/or administrative staff from departments other than the employees department.

The grievance committee will review the grievance and make a recommendation to the President. The President's decision shall be final.

If the grievance is against the President, the Board of Trustees shall function as the grievance committee and will be the final authority.

4210 Employee Resignation or Reapplication for Employment**.01 Resignation**

Any College employee planning to resign his/her position or retire from the College must give written notification to his/her immediate supervisor. The written notice must include the date the notice was written, the date the employee will leave the employment of the College, and must be signed by the employee.

All employees are requested to give a two-week minimum written notice of their intentions to leave College employment.

.02 Reapplication

A previous employee seeking re-employment must reapply and be subject to College policies and procedures for filling a vacant or new position.

4220 Employee Professional Development

Leech Lake Tribal College encourages all employees to further develop their skills through a variety of training and educational programs that are on-the-job or during-the-job.

Such training or education must have a positive direct impact on the employee's career path and success of the division and organization.

It is the responsibility of the employee's supervisor to work with the employee to develop a professional development plan for the employee that will improve or enhance the employee's job performance.

Department Directors, Deans or Chairs, and Supervisors are responsible for career development within their department. They are also to plan for the development of qualified personnel to meet anticipated future needs.

When the College pays for any type of tuition, class, or certification on behalf of the employee, and if the employee separates from employment within one year from the date that the class or program is completed, the employee will be required to repay Leech Lake Tribal College.

4230 Outside Work Policy Statement

Definition: Outside Work means all gainful employment other than the performance of official duties, including but not limited to, self-employment, working for another employer, the management or operation of a private business for profit (including personally owned businesses, partnerships, corporations, and other business entities.)

Application: All faculty and staff of Leech Lake Tribal College, full and part-time.

.01 General Guidelines

1. The outside work must not compete with the business LLTC is in: education. If the consulting or service relates to education, employees must work with administration to provide an opportunity through the College first. If that is not possible, the approval process outlined below shall apply.
2. The outside work cannot conflict with the Leech Lake Tribal College mission.
3. The outside work must not interfere with the employee's job commitment to Leech Lake Tribal College.
4. Employees must not use employer resources (including office, computer, phone, supplies, etc.) to fulfill the outside commitment.

.02 Faculty

1. It is the policy of the Leech Lake Tribal College to support its faculty's opportunities for outside work whenever contractual obligations will not be breached. Contractual requirements, including attendance at special events, will have precedence over any outside employment.
2. Each full-time instructor shall submit in writing the nature of employment, describing the details and obtaining approval from the appropriate Department Director, Dean or Chair, or Supervisor, and the Chief Academic Officer. The appeal process for any denial of outside work shall go through the appropriate Department Director, Dean or Chair, Supervisor, Chief Academic Officer, and finally, to the President.
 - College employees should be open with their supervisors about any outside work they wish to participate in, but official approval is only required by those opportunities that the Chief Academic Officer and the employee determine may present a conflict.
 - Generally, all intellectual property (including lab notebooks, cell lines and other tangible research property) shall be owned by Leech Lake Tribal College if significant resources of Leech Lake Tribal College were used to develop such property, or if it is created pursuant to a project funded through corporate, federal or

other external sponsors and administered by Leech Lake Tribal College, except as follows:

3. The creator shall retain ownership of the following.
 - All intellectual property developed without a significant use of Leech Lake Tribal College resources and without corporate, federal or other external sponsorship.
 - All rights in artistic, literary and scholarly intellectual property, such as scholarly books, articles, and other publications (including those in electronic form), works of art, literature and music recordings are owned by their creators, despite the use of Leech Lake Tribal College resources, so long as such works are neither created under the direction and control of Leech Lake Tribal College, nor developed in the performance of a sponsored project or other third-party agreement; and
 - All copyrights in papers, theses and dissertations written as a student to earn credit in Leech Lake Tribal College courses or otherwise to satisfy Leech Lake Tribal College degree requirements.
4. If permission is granted for an instructor to take outside employment, the employee must report to his or her supervisor when he/she has started.
5. The College will not pay Workers Compensation benefits for injuries resulting from employment at an outside company/institution.

.03 Staffing

1. Each staff person shall submit in writing the nature of employment, describing the details, to garner approval from the appropriate Supervisor. The approval process for any denial of outside work shall go through the appropriate supervisor and the President.
2. The same ownership guidelines as in Section 4230.02, Items 2 and 3, applies to staff.
3. If permission is granted for the employee to take outside employment, the employee must report to his or her supervisor when (s)he has started.
4. The College will not pay Workers Compensation benefits for injuries resulting from employment at an outside company/institution.

.04 Memorandum of Understanding

Employees will be asked to sign a memorandum of understanding with the College in certain circumstances--generally, when an employee wishes to teach on an adjunct basis, or if an employee wishes to perform two separate functions of employment at the Leech Lake Tribal College.

The rationale for the agreement is that employees, who wish to perform two or more jobs at the Tribal College, are in effect, taking an outside work agreement. There are two separate work agreements with two separate job duties, hours, and pay rates. Therefore an understanding of the terms is required to clarify the nature of performing both positions fully as required by acceptance of the positions.

The primary job at Leech Lake Tribal College should not be impacted in any way; if the primary job requires 40 hours per week with certain job performance outcomes delineated, those hours and duties must come first. The secondary job will be performed at Leech Lake Tribal College as if being performed at an outside institution. For example, all preparations for the job would be done outside of the primary job work hours.

If the employee is accepting an adjunct teaching position, and the classroom hours are during the employee normal work hours for their primary job, arrangements must be made with the employee's supervisor to make up the hours missed or to use personal leave for the time in the classroom.

Employees who fulfill more than one position shall fill out a time card signed by the supervisor to monitor adherence to this policy. Faculty members are generally excused from filling out time cards, but would not be under this policy, should they apply.

If an employee is contracted to provide services that the College pays honorariums for, then this selection does not apply. These are usually speaking engagements or visits to other faculty classrooms to provide guest lecturing services. There is a disbursement voucher available in the Finance Office to describe those types of arrangements.
